Subject:- Request for alienation of land --- S.No.497-A - near Water Works Reservoir - free of ground rent.

The Water Works Reservoir of Bellary Town is situated on the hillock near S.No.497-A. The water is stored there for the domestic use of the public of --- Bellary. Moreover the vacant piece of land just in front of the above reservoir is being converted into a public park, and the same has been named as "Goschen Park" as per Resolution No.25 of Council dated 29-10-1929.

2 At the instance of the Revenue authorities, the Council in its Resolution No.63 of 29-6-29, has resolved that the said piece of land S.No.497-A be alienated to the Municipality free of ground rent. But the Revenue Divisional Officer of Bellary points out, that it can be alienated free of ground rent only on the specific -- sanction of the Government.

3 The said piece of land brings no profit to the Council and the only advantage that the Council derives from it is that the service reservoir is located on the top of the Kateguddam Hill. With the starting of the reservoir there, quarrying has also been prohibited and thus the Council has no chance of making any benefit -- out of the said area.

P.T.O.

4 By consenting to take over the said area, Municipality loses the ground rent which it was getting from the Revenue -- authorities. On account of its nearness to the town, it is utilised by the public for various purposes and the Council has to fence it all round to prohibit the public from having access to it. There is large growth of prickly pear, the removal of which is another burden.

5 In view of the above, I request the Government to kindly consider the question with sympathy and allow alienation free of payment of ground rent payable thereon.

GK.

Narayana Rao
Chairman.

point but intimated on 2-11-1929 that the subject was before the Council and on 17-12-1929. that the matter was under correspondence with the Government. A special reminder was issued to the Chairman by the Revenue Divisional Officer, Bellary, on 17-1-1930 with no better result. I am asking the Chairman to have the site required by the Council peg marked. On receipt of the reply, steps will be taken to sub-divide the land and submit proposals to the Board for the alienation of the land if necessary.

Letter from E.Bennett Esquire, I.C.S., Collector of Bellary, No.Ref. C. 4323/30A-,dated 20-10-1930.

REFERENCE:-

The Board submits to Government proposals for the alienation

alienation of the plot of land comprised in S.No.497 A-2 of Bellary town, Bellary taluk, measuring Acs.9.74 in favour of the Municipal Council, Bellary for use as the site of - Water Works reservoir and a park as shown below: -

	Acre-C.
(1) Water Works reservoir	8-53
(2) Park ...	1-21
	9-74

2. The land is registered in the accounts as village site poramboke. The Collector reports that the major por - tion of the field consists of huge rocks and boulders on - which the reservoirs have been constructed, and that these rocks being unfit for building puposes are valued at a nominal value of Rs.10/- for the entire area. The remaining extent required for the park has been valued at Re.1/- (one rupee) a square yard and has already been converted into a park. The Collector states, that the scheme for the water works was sanctioned in G.O.No. 65 P.H. dated 12-1-'24 and that the Public Works Department executed the works and handed them over to the Municipality. He considers that the park near the reservoir is really an acquisition to the town and recommends the alienation. The Board supports his recom - mendation. There are trees of the value of Rs.6-5-8 on the land and the alienee agrees to pay their value.

3. The alienation will be free of charge for the - occupancy right and free of ground-rent but subject to the payment of Rs.6-5-8 being the value of the trees standing on the land and subject also to the following conditions to which the alienee has agreed.

(i) The land shall be used as the site of the water works reservoirs and a park.

(ii) No buildings of any kind other than those connected with the water works shall be constructed on the land without the previous permission of the Collector of the district.

(iii) The Government may resume the land wholly or in part with the buildings thereon in the event of the infringement of any of the conditions of the grant or if in the opinion of the Government, the land is required for a public purpose or for conducting mining operations.

(iv) In the event of such resumption, if there are buildings on the land, the Government may at their -- option either,

(a) purchase the buildings or

(b) allow the grantee to purchase the land at its value on the date of sale or

(c) direct the grantee to remove the buildings.

(v) In the event of the resumption of the land - followed by purchase of the buildings under clause (iv) (a) or in the event of the acquisition of the land for any other reason, the compensation payable therefor - shall in no case exceed the initial cost or the value at the time of resumption or acquisition, whichever shall be less, of any buildings erected or other improvements - effected on the land by the grantee in accordance with the terms of the grant.

(vi) In the event of the grantee refusing to remove the buildings when so directed under clause (iv) (c) the Government may remove them and realise the cost of removal by the sale of the materials.

(vii) In the event of the voluntary relinquishment of the land by the grantee no compensation shall be payable for any improvements that may have been effected or other works that may have been executed on the land by the grantee at - its cost.

(viii) The exemption from payment of ground-rent shall be in force only so long as no net income is derived from the land.
